The Sanstha...

Prabodhan Shikshan Prasarak Sanstha has been established in 1995 with a sole vision of imparting quality education in the field of Primary, Secondary & Higher Education. The following institutes are run by the Sanstha.

- Rajendra Mane Polytechnic, Ambav
- Kai. Sau. Meenatai Thakare High School, Sadavali
- Kai. Sau. Meenatai Thakare Jr. Science College, Sadavali
- Rajendra Mane College of Engineering and Technology, Ambav
- Indira Institute of Pharmacy, Sadavali
- RMCET MBA / MMS Department, Ambav
- Mane's International School (CBSE), Khedashi, Ratnagiri
- Prabodhan Center of Educational Excellence, Mumbai

Cultural Activities

OUR VISION

To be a premier technical institute in India providing career-oriented quality technical education to generate qualified, skilled and globally competent manpower responsive to technical and social needs!

OUR MISSION

To deliver highest quality technical manpower and cutting-edge technology for the benefit of society locally and globally

- To nurture, recruit and retain best quality people.
- To attract students of diverse backgrounds possessing academically sound profile; and who are committed and passionate for excellence; and who possess high leadership potential.
- To provide high quality educational experience that befits the students in rapidly changing global working conditions.
- To develop skills and inculcate values which enable them to attain their full potential.
- To provide noteworthy career oriented certificate programs with active industry participation to augment employability of our students.
- To adopt and adapt best practice governance and management for optimal administration, management of resources and faculty and staff and students services.
- To promote technical education to foster economic development and social progress of the country.

OUR GOALS

- To make our institute a center of excellence.
- To develop diploma holders for employment and entrepreneurship.
- To attract, to retain and develop faculty for promoting lifelong learning culture and knowledge creation.
- To develop strategic alliance with reputed institutes and industries to acquire knowledge in the field of emerging technologies.

INSTITUTION DETAILS

- Year Of Establishment 2010
- Land Area 7.1 Acres
- Built Up Area 8,782 Sq. Mtrs
- Teaching Staff 47
- Non-Teaching Staff 35
- Staff Student Ratio 1:19

BOARD OF DIRECTORS

- **Hon. Shri. Ravindra M. Mane**
Chairman
- **Mr. Manohar A. Surve**

Chairman's Message

Welcome to RMP. Let me first congratulate the students seeking admission to our Engineering Diploma Courses and their entry into the technical world for a prosperous career. I extend my best wishes for their bright future. RMP is committed to uphold the high standard of Technical Education and shall not leave stone unturned in continuously implementing innovative ideas in area of technical education and development. We assure your stay with us will be fruitful, comfortable, enjoyable and memorable for years to come.

Hon. Shri. Ravindraji Mane
Ex-Minister of State

PRINCIPAL'S MESSAGE

Dr. S. V. Patil
Principal

Dear Students,

In Today's world of Technological revolution, it has become mandatory for every technical institute to keep abreast with new upcoming technologies. For this, highly skilled & professional engineers are required to be produced.

We, at Rajendra Mane Polytechnic, make every effort to meet demands of growing technology by producing quality skilled engineers who can be worthy of service to the industry, the society & the nation. We will strive hard to maintain & enhance quality of technical education, to match international standards of quality, so that our students can survive in Global Market.

Our polytechnic was established in year 2010 and in short span of three years it has attained the commendable milestones of progress. Today, it is regarded as one of the best polytechnic in Konkan region. Institute has been awarded good remarks for all branches in last monitoring committee of MSBTE. Institute has excellent results in academics and full fledges training and placement cell for recruitment of students in reputed organizations.

We also provide excellent amenities to the students to encourage their participation in co-curricular and extra-curricular activities. This is to emphasize on overall personality development.

Finally, it gives me immense pleasure to welcome all students who aspire to have a career in diploma engineering and fruitful stay at the RMP.

Admission Information

1. All the students seeking admission to the diploma courses are required to fill up the admission form. The duly completed admission form along with necessary documents as mentioned in brochure are to be submitted in polytechnic office with prescribed fees.
2. Students seeking admission through Centralized Admission Process (CAP) should produce the allotment letter at the time of confirming their admission in our polytechnic. They are also required to fill up the polytechnic admission form as mentioned above.

Courses Offered

The institute offers the following Diploma Engineering Courses affiliated to MSBTE.

COURSES INTAKE

SR. NO.	COURSE	INTAKE
1	COMPUTER ENGINEERING	60
2	ELECTRONICS & TELECOMMUNICATION	60
3	CIVIL ENGINEERING	60
4	MECHANICAL ENGINEERING	60
5	AUTOMOBILE ENGINEERING	60

Eligibility Criteria

To be eligible for First Year Admission

As per the rules framed by D.T.E., M.S. (www.dte.org.in) a candidate must have Passed S.S.C. (Std. X) or its equivalent with 35% Marks with Maths, English, Science.

To be eligible for Second Year Admission a candidate must be passed either of the following:

- 12th Science with PCM/PCMB/PCB
- 12th Science Vocational
- 12th MCVC
- ITI (Two Years Duration)

Institute has joined the Centralized Common Admission process (CAP) declared by the DTE, MS. 80% of the sanctioned intake capacity seats are allotted for this process. Candidates are requested to refer News Papers and Website www.dte.org.in for their updates.

Vacant seats (if any) after the CAP rounds will also be filled through Institute Level Admission process.

20% of the sanctioned intake capacity is allotted for Institution level admission process. Candidates who wish to seek admission through institute level have to apply separately.

Students admitted through this quota are not eligible for free-ship / scholarship offered by the Government.

Admission Information

As approved by Shikshan Shulka Samiti Govt. of Maharashtra

Components	First Year	Direct Second Year
Tuition & Development Fees (Interim)	30308.00	31098.00
Admission and Examination Fees	3360.00	3360.00
Hostel Fees	12000.00	12000.00
Hostel Deposit	3000.00	3000.00

Documents Required

Original with two sets of attested photo copies

- S.S.C Marksheet
- School / College Leaving Certificate
- Nationality Certificate
- Migration Certificate*
- Caste Certificate*
- Income Certificate*
- H.S.C Marksheet*
- VIII & IX Mark Sheet
- Adhar Card
- Gap Certificate*
- Non Creamy layer Certificate*
- Photographs 3 Nos.

About Institute

The institute is headed by Dr. Suhas V. Patil, B.Tech. (Petrochemical), M.Tech. (Chemical Engineering with Gold Medal) and Ph.D. (Chemical Engg. and Technology). He has total 20 years' experience including 2 years industrial experience and 18 years' experience of academics, research and administration. His research fields of interest are heat transfer augmentation, Heat Exchange network design, Chemical Reaction Engineering etc. He has on his credit 11 research papers in reputed international journals and 35 papers in national and international conferences. He is presently working as Editor and Reviewer of international journals of repute. He is a life member of various societies at international level.

RMP was established in the year 2010 and in a short period of three years it has attained the commendable milestones of progress. Today it is regarded as one of the best polytechnics in Konkan region. Institute has been awarded very good remarks in all departments from MSBTE. The institute has its own space of more than 6 acres and highly qualified staff graduated and post graduated from reputed universities of India. Institute has well equipped state of art laboratories, library, Reading rooms, class rooms, seminar hall, drawing hall, computer center etc. Institute has provided separate hostel facilities for boys and girls and canteen facility too. Institute has excellent result in academics and full-fledged training and placement cell for recruitment of students in reputed organization.

Admission Reporting Procedure

- After the display of allotment in CAP round or admission in Management Quota, candidate should report to the Institute as per the notified schedule of the admission process.
- Candidate shall report to the Institute with all original certificates needed to substantiate the claim made in the application regarding eligibility and reservation.
- If a candidate is unable to produce original certificate at the time of his/her admission on account of admission already secured to some other Institution, he/she shall produce a certificate from the Head of the Institute where he/she has already taken admission indicating that he/she has been admitted to a particular course in the Institution.
- The candidate shall produce the attested copies of the certificates duly attested by the Head of the respective Institution.
- Such candidates shall be required to pay the fees immediately at the time of admission and shall be permitted to submit the required original certificates within 4 working days after the date of payment of fee.
- After scrutiny of original documents, the candidate will have to pay full fee immediately as prescribed by the Institution and confirm the admission offered.
- If candidate fails to pay the prescribed fee within the reporting time, the candidate forfeits the claim on the allotted seat.
- Admission to backward class candidates will be given on the condition that they submit the Caste Certificate at the time of admission.
- If a candidate is offered admission, his or her original School / College Leaving Certificate (of qualifying examination) will be retained by the Institute. This original certificate will not be returned to any candidate once admitted to a course at the Institute unless the candidate cancels the admission. All other certificates will be verified by the Institute at the time of admission and returned to the candidate after the MSBTE enrolment.
- Admission of Out of Maharashtra State (OMS) students, who have been admitted to any course in the Institution, will be confirmed only on submission of the Provisional Statement of Eligibility from the MSBTE.
- Cancellation & Refund : Cancellation of admission and refund is governed by rules laid down by the D.T.E. in their Admission Brochure
- Concession in Tuition & Other fees: All the schemes as mentioned in the D.T.E. Admission Brochure.

First Year Applied Science & Humanities

It is regarded that the department of Applied Science and Humanities is the foundation stone of all diploma courses. This brain department operates through its four distinct wings: Physics, Chemistry, Mathematics and English. Highly advanced and modern Physics and Chemistry laboratories add to the glory of the department. Language laboratory provides an opportunity for students to improve their English language, communication skills and personality development.

LABORATORIES:

Chemistry Laboratory

Physics Laboratory

Language Laboratory

The department of Applied Science and Humanities of Rajendra Mane Polytechnic is highly dynamic and innovative one. It supports and actively participates in all the curricular and non-curricular activities conducted in the institute. Regarding academic results, the performance of the department has always been remarkable. There are number of students who have secured 100 out of 100 marks in subjects like Mathematics and applied science. Result of English department has always been a talk of the town. The department has scholarly students who have secured more than 95 marks in English and communication Skills. The department of Applied Science and Humanities of Rajendra Mane Polytechnic is highly committed and active. It will work with same commitment and honesty for the betterment of the society in the times to come.

Department of Mechanical Engineering

Mechanical Department is the feather in the cap of institute. It is strong in all respects. Its faculties are highly qualified and competent and fit for teaching profession. This department has been always appreciated for its activities and its commitment to bring about the all-round development of its students. The department gives emphasis not only on providing technical knowledge of the field but also it believes in making its students sound in all respect. To attain this goal, it organizes activities like development of soft skills, expert lectures on personality development, industrial visits and technical paper presentation. To enhance the creative powers and research passion of the students, it organizes various innovative and research based activities such as: Robo Race and technical project competition. Due to this creative and innovative spirit and endeavor of the department, many students of the department shone on state and national level technical project exhibition. These achievements of the students of Mechanical Department have added a lot to the glory and glamour of RMP.

LABORATORIES:

- **Fluid Mechanics and Machinery**
- **Strength of Material**
- **Measurement and Control**
- **Theory of Machine**
- **Thermal Engineering**
- **Metrology and Quality Control**
- **Computer Numerical Control Machines**
- **Refrigeration and Air Conditioning Lab**

Department of Civil Engineering

Civil Engineering has played a pivotal role in the formation of the universe and of course in the formation of infrastructure of the nation. Since primitive times, the civil engineering has been furnishing wonderful illustrations of architecture which give mankind eternal euphoria. The ancient architectural structures like Tajmahal, Red fort and popular bridges like Howdah Bridge are nothing but the wonder creations of the Civil Engineering.

Civil Engineering and human being's dream home are closely related with each other. People's expectations about sweet home and erection skills of Civil Engineering has created wonderful fascinating home structures which are nothing but a great source of architectural pleasure for man -kind. Civil Department at RMP is absolutely committed department. It makes its students go ahead with enshrined principles of the institutes and motivates them to acquire erection skills which will make this world a wonderful and blissful architectural structure.

Civil Engineering has always been the area of interest of many students who wish to make their career in Civil Engineering. The department

of Civil Engineering at RMP is full-fledged and enriched in all respects. The department provides ample opportunities for the students to acquire the techniques and skills related to civil engineering. In order to make its students academically sound, it organizes various activities through which students update their knowledge and prepare for career building. It has well equipped labs and skilled and highly educated teaching faculties which work hard for the betterment of the department and institute in general.

LABORATORIES:

- **Mechanics of Structure**
- **Concrete Technology**
- **Geotechnical Engineering Lab**
- **Surveying & Advanced Surveying**
- **Engineering Mechanics**
- **Building Construction (Model Room)**
- **Public Health Engineering**

DEPARTMENT'S STRENGTH	TEACHING STAFF	NON-TEACHING	TOTAL STAFF
	08	03	11

Department of Automobile Engineering

Department of Automobile Engineering has been working with a great obsession to furnish the education to its students regarding rapidly changing trends in the field of Automobile Industry. To fulfill its dream and purpose, the department organizes industrial tours to various national and multinational automobile industries which quenches the thirst of the students to gain the highly advanced knowledge of the field which help them a lot build their careers. To make its students academically sound, the department leaves no stone unturned to organize various academic activities such as organization of workshop, seminars state and national level technical paper presentation and expert lectures of industry personalities. These activities of the department empower the students and enable them to stand to the test of time. In the last three years, the department has maintained remarkable tradition of excellent academic results. To modernize the teaching skills of the faculties of the department, department consistently sends its faculties for various orientation and refresher courses organized by MSBTE and other related technical bodies.

LABORATORIES:

- **Vehicle Maintenance Laboratory**
- **Vehicle Systems Laboratory**
- **Automotive Electrical and Electronics Lab.**
- **CAD/CAM laboratory**
- **Auto Transmission Laboratory**
- **I.C. Engine Laboratory**
- **Heat Power Engineering**

Department of Electronics and Telecommunication Engineering

Like all other departments, Electronics and Telecommunication Department is supposed to be a sound department in all respects. Well trained and qualified staff has been the striking feature of the department. It gives its hundred percent contributions to the success of the institute and of course the students too. The students of the department have come with flying colours in different state level and national level technical competitions. The credit of this of course goes to the department. The department makes all possible efforts to fulfill the academic needs of the students. In this regard, the department organizes various technical and co-curricular activities which provide platform to its students where they can expose themselves and enrich themselves by acquiring new technical non-technical information and knowledge. The department believes in innovation and creation.

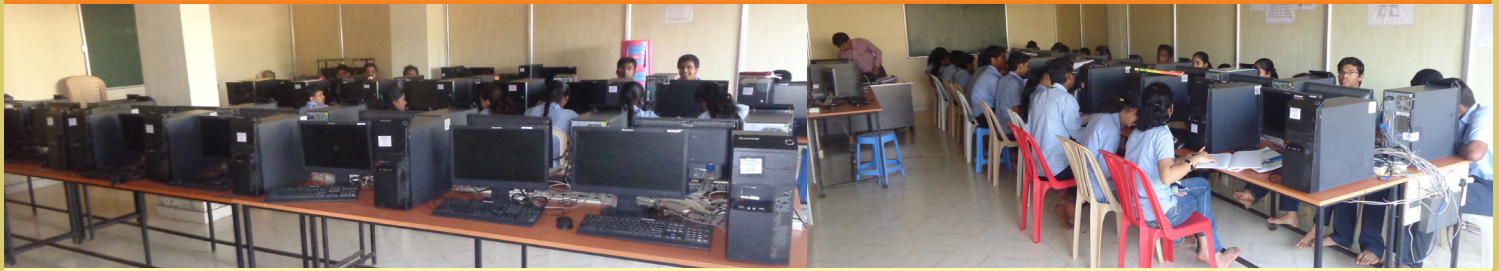

To provide deep practical knowledge, the department has established all integral labs which furnish the practical experience to the students of the department.

LABORATORIES:

- **Basic Electronics**
- **Digital Techniques and Microprocessor Lab.**
- **Control System and Instrumentation Lab.**
- **Communication Lab.**
- **Electrical Lab.**

Department of Computer Engineering

Department of Computer Engineering is a synergistic product of many proactive minds. With the excellent guidance and motivation of Principal Dr. S. V. Patil, A team of 06 Teaching and 02 Technical Staff members under the leadership of Prof. A. A. Yadav unanimously harnesses its potential in all aspects to take the department to greater heights. The Computer Engineering Program was commenced in the academic year 2010-11. The current student intake capacity is 60. It has always been among the top performers in the region. The Department is known for its excellent results and student placements. We have presently 06 well-equipped laboratories and computer centre in the department. The students of this department have brought several laurels to this institute by actively participating and winning various technical competitions of state and national repute. Most of our students have placed through campus interviews in the reputed software companies of India

The department aims at produce talents that will stand up to the expectations of computer industry and the consumer who love it. In order to inculcate the principles of

creativity and innovativeness the department organizes various computer related activities such as national conferences, seminars workshop, industrial visits and expert lectures of experts of the field. These activities assist in satisfying the academic aspiration of students. The department takes all possible pains to empower its students with all required potential to capture the employment opportunities in industry and all corporate sectors where the computer engineers are highly desired and respected.

LABORATORIES:

- **Computer hardware Laboratory**
- **Computer Graphics Laboratory**
- **Network/ Internal Lab**
- **Software Testing/ Multimedia Lab**
- **Project / Database Management System Laboratory.**

Library

RMP has a well facilitated and spacious library with more than 7000 technical books, a large collection of National & International Journals, Newspapers and magazines.

Library has digital bar code system.

Other details of Library

- Total Number of Books available (issue section) 6947
- Total Number of Books available under book bank scheme 108
- Total Number of Books available in Library 7055
- Average daily Library Usage by Students 41 (Students doing book (in percentage of total students) transactions to be considered.)

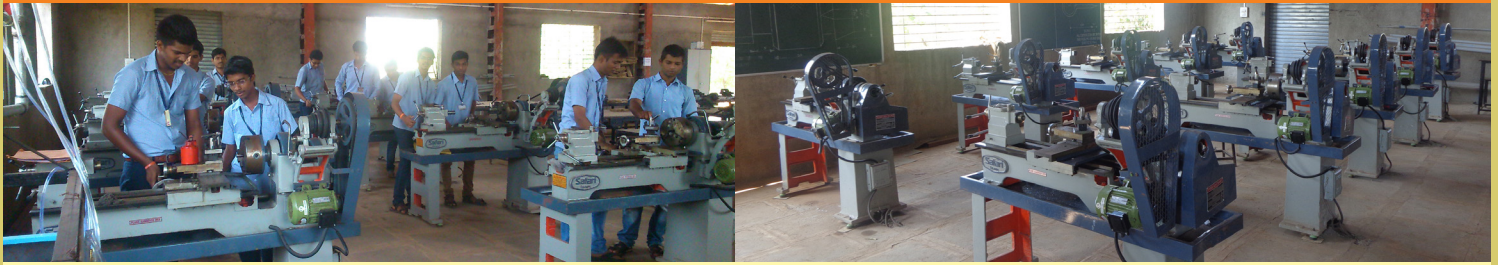

General:

- Strict silence and discipline to be maintained in the Library.
- Talking or group discussion is not permitted in the Library.
- Use the library books and furniture very carefully.
- Eatables, Audio-Visual device, Mobile phones, and other equipment & their use are strictly prohibited.
- Minimized assignments/ Journals writing in the library.
- Every student entering in the library premises should have a valid college identity card.
- If a student so found without the Identity Card, no library facility for that day will be available to him/her.
- If any reference is required, student should approach the Librarian.
- All cases of disregard of these rules will be reported to the Principal for appropriate action.
- For making the Library Card, two Stamp-size photographs are required.
- Library Cards are non-transferable.
- The holder of the membership card is responsible for the books borrowed by him/her.
- Students can borrow two books for reference purpose against college identity card at a time from the Library.
- The reference books cannot be taken out of Library premises. These reference books must be returned to the library before the close of the library on the same day.

- No books will be reissued without presenting them physically.
- Borrowers may check the books while getting them issued.
- Current periodicals and rare books are to be used in the Library and will not to be issued for external use.
- If mutilated or lost, the borrower will have to replace the book with a new copy or pay the amount of the current price along with the overdue charges if any.
- If the membership cards are lost, the Librarian should be informed immediately. In genuine cases a duplicate set may be issued on payment of Rs.10/-. And for that an application should be made to the Principal.
- While taking NOC from library, students are required to submit their library cards to the Circulation counter.
- Students found responsible for any damage caused to the library property will be required to replace the material or pay the price of the property, beside the penalty imposed upon them by the authority.
- If the student is found without an Identity Card, no library facility for that day will be available to him/her.
- At a time 2 books will be issued to student for a period of one week duration.
- If library book is not returned on the schedule day a fine of Rs.10/- per day per book will be charged.
- Pure reference books are only for random reading & not to be issued out.

Workshop

Workshop is an indispensable part of almost all diploma Engineering courses. Almost all the workshop related activities are conducted in the workshop itself. In addition of this, the workshop contributes a lot to the development of the institute by providing necessary infrastructure such as tables, tools, benches, designs, fabrication of plumbing, electrical fittings and necessary equipment which are used in all the departments of the Institute. Being an academic aspect of the institute, it should be full-fledged, enriched and modernized in all respects. We would like to convey you with a feeling of pride that workshop of RMP is modernized in all respects. The management of the institute always gives topmost priority to modernize its workshop. It is just because of the support of the management and its strong conviction in educational values, highly advanced workshop is in the service of the students and staff of the Institute.

Almost all the costly machines such as CNC Lathes have been introduced in the workshop in the last three years of institute's development. Every year visionary and efficient management of the institute makes the provision of funds to purchase the latest machinery for the workshop. The students of all branches of diploma engineering feel satisfied and blissed in doing practical's in such a highly equipped workshop. Co-ordination and cooperation between the workshop staff and the students at the time of performing practical's is really appreciable. This type of harmonious relation of staff and students and consistent financial support on the part of the management would lead this department of the institute to its peak of glory. The institute is really committed to make our workshop more modernized and equipped by introducing new machines which are need of the changing times.

Training and Placement

Rajendra Mane Polytechnic has developed an active Training & Placement Cell under the vision of Dr. S. V. Patil & headed by Mr. R. R. Dongare (T&P Coordinator), which trains students in latest technological trends & developments in wider & economical, social and environmental context. It also provides guidance for higher studies/placement opportunity through personality development, interview techniques & other soft skills. The cell will contribute for making students employable in modern economy. It will inculcate in youth the spirit of entrepreneurship and foster the value of "Work is Worship" Industrial visit are also conducted to familiarize the students with industrial environment in which they are likely to excel after completing their course successfully.

ACTIVITIES:

- To conduct seminars for students by experienced professionals from the industry to improve their necessary skills.
- To invite various industries & reputed firm for campus recruitment.
- To co-ordinate with industries, corporate firm and prepare students to face the interview panel. To conduct programs including group discussion, mock interviews, basic of behaviors & body language
- To visit the corporate companies and other private companies.
- To maintain the list of companies and their HRD heads.
- To develop industry institute interaction.
- To ensure that maximum number of students are recruited from the institute.

EXCLUSIVE ACTIVITIES ORGANIZED IN THE ACADEMIC YEAR 2014-15

- 1) Anti-drugs Awareness Program: Anti-drugs Awareness Program was organized to create awareness among the students about the ill aftermaths of Consumption of drugs

- 2) Celebration of Engineers' Day : Engineers' Day was arranged in the institute to inform the students about the new challenges, trends and new opportunities in the field of various streams of engineering

- 3) Fresher's Party Program : Fresher's Party Program was organized with the view to establish a rapport among the students of various diploma engineering streams and make newly admitted students feel at home.

- 4) Guest Lectures: Guest Lectures are arranged in the institute for the students of all branches of diploma engineering with the sincere purpose to provide the latest information about various subjects

EXCLUSIVE ACTIVITIES ORGANIZED IN THE ACADEMIC YEAR 2014-15

- 5) Photographica: Computer department organized a remarkable activity based on the art of photography. The activity enhanced the interest of the students in the field of photography →

- 6) Pioneer 2k-14: A state level technical paper presentation competition entitled "Pioneer 2k-14" was organized in the institute to enhance technical competence and knowledge of the students. The Students from various diploma institutes all over state actively responded to the event.

- 7) 'Swatch Bharat Abhiyan' A program on 'Swatch Bharat Abhiyan' was organized in the institute where the students of all branches took an oath to maintain cleanliness in their surrounding. →

- 8) Industrial Visits: As a part of curriculum necessity, various departments in our polytechnic organize industrial visits which provide the students a unique opportunity to see how the industries related to their streams actually work. Through this, they get the actual work experience in various industries

EXCLUSIVE ACTIVITIES ORGANIZED IN THE ACADEMIC YEAR 2014-15

- 9) 'Entrepreneurship': A remarkable speech on 'Entrepreneurship' of Suresh Umap, Divisional Manager Maharashtra Small Scale Industry, was arranged with the motive to inform the students about the opening and career making opportunities in new small scale industries. →

- 10) Alumni Association Program: An ex-student expressing his feelings in alumni meet arranged in the institute to revise the past memories and to know how our students are performing in their lives. ←

- 11) Science Exhibition: 40th State level Science Exhibition was organized in the institute. More than 500 science projects had been displayed in the exhibition. The event created scientific zeal and animating atmosphere. →

- 12) Seed Infotech : A session of 'Personality Development' was organized in Seed Infotech Collaboration with Seed Infotech, Pune. ←

Rules of Attendance

Attendance:

Regarding attendance in theory & practical classes, attention of all the students & their parents / guardians is hereby drawn to the relevant important rules & regulations of MSBTE.

- Students are required to have at least 75% attendance in the lectures of every subject and 100% Performance in completion of all practical's & term-work.
- The students who fail to comply the requirements mentioned in (1) above will be detained and hence, not permitted to appear for MSBTE Examinations. Such students also stand to lose one whole year as they will have to seek readmission for the same semester in the succeeding year and repeat it.

The rules & regulations of attendance of MSBTE are binding.

We feel that it is our important duty to appraise the students and their parents/guardians about the necessity of having satisfactory attendance in theory & practical classes and the consequences thereof for non-attendance of these rules & regulations. We also take it as our responsibility to design systems by which the students who are not attending their theory & practical classes are punished.

If any student remains absent continuously for more than three days, he/she will not be allowed to attend lectures/practical's without payment of fine and permission from the Principal on the first three occasions in a semester further to which he/she will not be allowed to the lectures/practical's without being accompanied by his/her parents/guardians. Such irregular students will be punished heavily with fine and/or removal from the college.

For us, as an Institution, the environment and discipline in class & college is very important. The student being a vital component of the Education System - his/her irregularity adversely affects the performance of the system. Therefore, student will be solely responsible for their detention from MSBTE Examinations on account of his / her less attendance in theory/practical classes and unsatisfactory performance in term work assignment, practical's, tutorials, and unit test(s) as the case may be.

Institute's Rules and Regulations

1. ITS SECURITY POLICY

Applicable to all bonafide Students of the Polytechnic, for use of computing facilities at Polytechnic labs, students should strictly follow the following guidelines.

- No student should try to install any software on any machine within the institute.
- Access of Orkut & Facebook is punishable.
- The institute machine in public machine & using it for confidential online transactions is an offence.
- Use of pen drives that may tamper important data in machine is an offence.
- Only safe, secure, authentic & trusted web sites should be accessed.

2. IDENTITY CARD

The Polytechnic will issue a Smart Identity card to every bonafide student. It is mandatory for the students to prominently display the I-card while they are in the college campus.

3. UNIFORM AND DRESS CODE

All students are properly dressed, which is mark of respect to the august place of learning. Any violation will be considered as an act of indiscipline. Students will be advised about formal and dress code from time to time.

Wearing of any sort of cap or dressing which indicate one's religion is strictly prohibited in polytechnic.

4. CODE OF CONDUCT:

- Self-Discipline is the best discipline. All students are expected to observe rules and regulations currently in force to enable the smooth working of the Polytechnic.
- In the premises of the Polytechnic, every student must be in clean uniform with prominent display of Identity Card.
- Every student must attend all lectures, practical, term work and examinations conducted by the Polytechnic.
- As per MSBTE norms, the students appearing for the final examinations should satisfy at least 75% attendance in respective theory lectures, and 100 % in practical's and term work.
- Absence of student on valid grounds at lectures / practical's / term work / examinations must be communicated to the Polytechnic authorities immediately in writing, with the necessary supporting documents viz. medical certificate etc.
- During the conduct of lectures / practical's / term work student should not loiter in and around the Polytechnic premises.

- A student should observe proper decorum in the classes and should take utmost care of not to disturb the working of his / her own class as well as other classes.
- Any student disturbing classroom discipline will be suspended from the class with immediate effect and is required to give an undertaking regarding his / her good behaviour in future. If the same misbehaviour is repeated, the student may be expelled from the Polytechnic.
- Every student should take utmost care of the Polytechnic property and try to keep the Polytechnic and its premises neat, clean and tidy. Any Intentional damage done to the Polytechnic building, furniture and equipment by the students shall be treated as breach of discipline and the students will be severely punished. To avoid shame and embarrassment students should refrain from such acts.
- Students should not wear valuable ornaments or carry electronic gadgets including mobile phones etc.
- Students are requested to take care of their personal belongings such as calculator, journals, files, books notes etc. The Polytechnic Authorities will not be held responsible for the loss.
- Every student must preserve original fee receipt (students copy), Identity card and Library card. Loss of the same has to be duly reported to the concerned authorities.
- Students are expected to check up notices being displayed on the respective Notice Boards.
- The students should not use unfair means or any sort of malpractices during examinations conducted either by Polytechnic or by MSBTE. Student, if caught by the supervisor or by examination squad would be liable to strict action, to the extent of being debarred from the examinations.

**Say no to
Ragging**

ACTION AGAINST RAGGING

Maharashtra Prohibition of Ragging Act 1999 which is in effect from 15 May 1999 has the following provisions for Action against Ragging.

- a) Ragging within or outside of any educational institution is prohibited.
- b) Whosoever directly or indirectly commits, participates in, abets, or propagates ragging within or outside any educational institution shall, on conviction, be punished with imprisonment for a term up to 2 years and/or penalty which may extend to ten thousand rupees.
- c) Any student convicted of an offence of ragging shall be dismissed from the educational institution and such student shall not be admitted in any other educational institution for a period of five years from the date of order of such dismissal.
- d) Whenever any student or, as the case may be, the parent or a teacher of an educational institution complains, in writing, of ragging to the head of the educational institution, the head of the educational institution shall, without prejudice to the foregoing provisions, within seven days of the receipt of the complaint, enquire into the matter mentioned in the complaint and if, prima facie, it is found true, suspend the student who is accused of the offence, and shall, immediately forward the complaint to the police station having jurisdiction over the area in which the educational institution is situated, for further action. Where, on enquiry by the head of the educational institution, it is found that there is no substance, prima facie, in the complaint received; he/she shall intimate the fact, in writing, to the complainant. The decision of the head of the educational institution shall be final.
- e) If the head of the educational institution fails or neglects to act in the manner specified in section "d" above when a complaint of ragging is made, such person shall be deemed to have abetted the offence and shall, on conviction, be punished as provided for in section "b" above.
- f) Any acts or its amendments which may published from time to time by AICTE, Government or Judgments by Hon. Supreme Court of India, Hon. High Court of Bombay, etc. will be applicable to candidates & institutions covered under these rules of admission.
- g) Students/parents are informed to see the copy of AICTE regulations on curbing the menace of raging in Higher Educational Institutions, 2009 carefully read and fully understand the provisions contained in the said regulations.
- h) Students and parents are suggested to login on www.amanmovement.com for furnishing information about anti-ragging. The PDF generated after fulfilling required information should be duly signed by both Students and parents and are required to submit to RMP office.
