

Entrepreneurship lecture by **Ms.Aarati Patil** (National Aeronautics and Space Administration) was conducted on 20<sup>th</sup> Jan 2015. The main motto of lecture was to make awareness about activities undertaken by National Aeronautics and Space Administration (NASA). Lecture includes the improvement of the usefulness, performance, speed, safety, and efficiency of aeronautical and space vehicles, the expansion of human knowledge of phenomena in the atmosphere and space. The lecture was really inspiring for students. This will be very much helpful for the students.
